### HOW TO USE THIS PRAYER GUIDE

1. Pray one prayer each day for your students. There are 31 prayers, one for each day of the month. As God leads, use the prayers on the back to pray for these students’ teachers and parents also.
2. Pray for the students, parents, teachers, and administrators who may have no one praying for them.
3. If you forget to pray, by God’s grace, begin again. If you only pray a few times a week, it is still better than not praying at all.
4. If you receive the names of students you do not know, for CONFIDENTIALITY reasons you are only to be given the first names of the students, and for PRIVACY reasons, you are not to attempt to contact the students you are praying for. This will help maintain and safeguard the integrity of this prayer ministry.
5. You have our permission to make copies of this prayer guide. Distribute them freely to churches, organizations and individuals.
6. Besides the names you are given, add the names of your own children, grand kids, neighborhood kids, etc. If you are a student, use this guide to pray for yourself and others at your school.
